27-Oct-10 07:43 | larryjhs

27-Oct-10 07:48 | harlemlibrarian

Doug Schuler: we need to "structurize" our networks: interest groups, dynamic leadership, issues as nodes, shared projects #cirn10

27-Oct-10 07:50 | ademoor

How do we "structure" our networks so they can allow us to get work done while avoiding hierarchies? #cirn10

27-Oct-10 07:50 | harlemlibrarian

#cirn10 open research/action network seems an interesting rebirth of participatory action research. How is it different?

27-Oct-10 07:51 | MartinBWolske

27-Oct-10 07:54 | MartinBWolske

#cirn10 sharing resources has economy of scale, but are we too culturally distinct to benefit? How do we translate global to local?
